Space & Naval Warfare Systems Center Awards Contract

SAN DIEGO -- CACI Field Services Inc., of Arlington, Virginia has been awarded a \$8,070,149 cost plus fixed fee, level of effort contract for the Naval Tactical Command Support System (NTCSS). The function of the Naval Tactical Command Support System (NTCSS) is to provide the full range of responsive mission support ADP hardware and software to facilitate management of information, personnel, material and funds required to maintain and operate surface ships, submarines and aircraft. NTCSS supports intermediate and organizational level ship maintenance management and aviation maintenance management, material and financial management, medical administrative management, and related administrative management. The contract is for one year with four, one-year renewal options which, if exercised for the maximum quantities, will bring the cumulative value of the contract to \$47,822,302 (total dollar amount including options). SPAWAR is awarding this contractual action following the full and open competitive solicitation with 125 offers solicited and three offers received. Work will be performed in Chesapeake, Virginia and San Diego. The Space and Naval Warfare Systems Center Chesapeake is the contracting activity (N00140-98-C-0168).
